Royal Baking Powder Is Superior to Every Other.

It is a scientific fact that the Royal Baking Powder is absolutely pure. . . . I will go still further and state that because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.

CANADA FISHING.

Camp of the Kingfishers.

BIG BASWOOD LAKE, ALGOMA DIST.,
ONTARIO CANADA, July 27, 1892.

As promised, I write you a brief resume of our fishing trip to date. We left Cincinnati at 9:05 a. m., July 15th, via Grand Rapids and Indiana Railway, with other members of the "Kingfisher Club" to-wit: Messrs. Hickman, Culbertson, Foulds and Snyder, and were joined at Mackinac City by Thurston, of Central Lake, Michigan. Our outfit, consisting of two canvas boats, four tents, a fly for dining table and full set of camp cooking utensils, including a sheet iron stove—the whole represented by 27 baggage checks—was consigned to Hickman's care as general baggage man. When he isn't able to get charges for overweight, it isn't worth while for anybody else to try. As he shucks his coat and helps "hie" an extra heavy box or trunk, the baggage men haven't the heart to "kick" about weights. They just consider him one of the "gang."

Traveling through Indiana and Michigan fields seen from the car windows were teeming with an abundant harvest. The wheat crop appeared enormous. At 8:10 p. m. we entered Grand Rapids, a city of 30,000 inhabitants, and of rapid growth. Here we were met at the depot by W. R. Shelby, an old boyhood comrade of mine, whom I had not seen since early manhood. A native of Boyle county, he is now a full-fledged Michiganian, having married a Grand Rapids lady and being First Vice-President of the G. R. & I. Railroad. Having two hours to spare, he showed us some parts of the city as was accessible. That night we took a sleeper for Mackinac City, reaching the strait between Lake Huron and Michigan at 8 a. m. of the 16th. Here we breakfasted and had fine views of the broad, vessel-dotted waters, of the lakes and the heights of the Mackinac Island. The cars were run aboard a steamer and in an hour landed at St. Ignace, an iron furnace town. Thence the northern journey was resumed for Sault Ste. Marie at the foot of Lake Superior. The journey was through a dense forest of pines, cedars and hemlocks, that can only be settled by people bent on suicide, or a desire to commit suicide, as the land would hardly raise six beans to the acre. A vexatious delay at Trout Lake Junction held us for several hours, awaiting the delayed St. Paul train.

One of the spectacles that stared us in the face was in inspection of the Canadian Customs Officers as we would cross the boundary. To have our 27 pieces of baggage overhauled and the bottoms of our trunks inspected was tedious enough, and then there was an indisposition to have inspected our "medical supplies," which some said was dutiable. After a stop of twenty minutes at Sault Ste. Marie, on the American side, we crossed St. Mary's River on the new bridge over the rapids, and were halted in a long, low bottom on the Canadian side. Here the dreaded inspection was to take place. Sending Hickman and Culbertson forward to the baggage car with a list of our impediments, the balance of our party guided our valises, fishing rods, &c., in the smoker. Directly the front door of the car opened and a customs official entered, bearing a seal big enough to down an ox. It was a harmless instrument, however, as he merely informed each passenger who had baggage in the baggage car to go forward with key to have it inspected. Several ladies obeyed the order, one of them shortly returning with the laughable remark that her face was good enough for honesty and her trunk passed examination. We

referred the officer to our list sent forward, and with a glance at our tackle he passed on. As the cars finally began to move, our two partners returned with the statement that depositing \$75 on the list of articles, including several dollars duty on coffee and canned fruits, we were checked through. One official smilingly remarked, "I don't suppose you have any cough medicine in your trunks, but up where you are going you will need sometimes to drink your water with a straw." Our emissaries "tumbled," smilingly and invited the officials to visit our camp. They promised. The \$75 is to be returned as we go back—less the amount of duty.

Our destination was Thessalon, a small town on Lake Huron. Here we found several wagons in wait for us as per directions, and loading up, at 6 o'clock (American time) we began a 14 mile ride over hill and valley, by woodland, lake and stream, for our camping place on Big Basswood Lake. Canadian time is just one hour earlier than American time. Two o'clock in America is three o'clock in Ontario.

En route, about 9 o'clock, we were treated to the most magnificent display of the aurora borealis I ever expect to see again. The heavens, above and northward, were filled with long lines of flashing light, appearing and disappearing, moving in long scintillating columns, breaking away in lines of frosty needles, succeeded by orange, crimson, yellow and other rainbow colors. The center seemed to be in the zenith, from which, like fiery squadrons, the brilliant rays of light appeared to dart toward the horizon, or march in serried ranks parallel to the earth. Our path and surrounding objects were lighted up with conspicuous clearness, almost equal to day. This apparent violent, but silent, convulsion of nature—unrolling with volcanic speed, yet so vast in area, inspired everyone with feelings of awe. For over an hour the magnificent spectacle was visible apparently to clear above our heads as to leave the impression that the movement of our wagons had something to do with the agitation of the waves of light, yet it is no doubt, was thousands yards away.

It was near midnight when we reached Big Basswood Lake. We roused a settler on his banks—a sort of hermit Englishman—and at his invitation made ourselves at home in his house for the night. He is an odd sort of individual whom we have titled, "Jibbennoosey, or Nick of the Woods." His house is a perfect curiosity shop, full of every sort of fishing tackle and hunting gear, ten varieties of guns, pistols, Indian skulls, tomahawks, pictures, air pumps, medallions, stuffed animals, looks, robes and deer skins, compasses, eye glasses, stereoscopes, anvils, cooking utensils, hammers, telescopes, &c. Beside his house is the grave of his favorite dog, covered with a rug from 13 to 4 pounds above is an embossed epitaph of his virtues, with an envenomed thrust that he was poisoned by "neighborly hands." Our English friend is intelligent and has treated us kindly. Our tents are pitched at his door, we have a kitchen stove, and he is a guest at our table.

As for fishing—the object we traveled these 700 odd miles—we have no lack. Black bass are so abundant, we only fish as the desire urgently prompts. Our score in the past ten days foots up 310 black bass, small ones, ranging from 13 to 4 pounds, besides wall-eyed pike, trout and pickerel. Were we fish hogs we could easily have doubled the score. The water is remarkably clear, quite cold, and the lake picturesque, most of the banks rocky, abrupt and covered with beautiful moss. Big Basswood Lake is 9 miles long and from one to two miles wide. It has been sounded to a depth of 600 feet. Its shore line is irregular, with rocky

points and inland bays. Besides this water are other lakes—Mud Lake, Loon Lake and Clear Lake—the latter full of bass and wall-eyed pike.

Raspberries grow wild and abundant, as are huckleberries. Our cook is a native born Kanuck, understands the art. We will not starve, as our table includes such things as canned soups, broiled bass and trout, lamb, ham, canned tongue, canned macaroni and cheese, potatoes, crackers, light bread, flannel cakes, hardtack, maple syrup, coffee, tea, huckleberry pies, peaches, raspberries, milk, &c. Our nightly camp fires are enjoyable, with no reflections allowed on any one who happens to "stretch the blanket." We even dare to hoist the "stars and stripes" over camp.

Canada should belong to the U. S. anyhow; we are but the advance guard of occupation.

The Kentucky contingent—Charley and Owen F.—and the writer—are enjoying good health, thank ye.

Bradley-Hawkins.

The wedding of Miss Mary L. Hawkins and Mr. William E. Bradley, of this city, took place near Louisville, at the home of her uncle, Mr. Adolph Sneed, in a quiet informal manner. It was an event of much interest to their many friends and acquaintances of Frankfort. The ceremony was performed by the Rev. Dr. Blayney, of the Presbyterian Church, of this city, August 3d, at 11 o'clock.

Mrs. Mary Hawkins, Mrs. Merriwether, mother and grandmother of the bride, together with Mrs. Wicliffe Chapman, Miss Duval, Mr. Geo. F. Berry and Mr. Jas. G. Dudley, of Frankfort, left, on the early morning train to be present at the wedding. Mr. Sneed, with a four-in-hand, met the guests at the station, and soon they were started on the drive to his lovely country home. Midsummer heat was forgotten, as the road lay in the heart of leaves and shadow; in due time could be detected "Knobledge," the pretty summer residence of Mr. and Mrs. Sneed, built on the very shoulder of one of New Albany's highest hills, commanding a view for miles of the varied country around. The ceremony was very impressive; the bride came in on the arm of the groom, attended by his two little nephews, Allen and Fred Hoffman. The bride's costume was a charm of simplicity. She wore a white corded silk and a lace veil, which fell to the bottom of her train, fastened by a diamond ornament, a present from the groom, and carried a bouquet of white roses and ferns. After congratulations to the bride and groom, the wedding breakfast was served, and amidst meats and dainties and happy good humor, toasts were offered in champagne to the bride and groom. Mr. and Mrs. Bradley left on the 1:45 train for a summer's outing, and will return to their home in Frankfort about the middle of September. After the departure of the bride and groom, the guests enjoyed the privilege of seeing the presents to the bride. There were exquisite souvenirs from many friends, but no keepsake could be dearer than the one she will hold in her memory—the beauty and happiness of nature, at "Knobledge," which gave a soft, magical tenderness to her wedding day.

Physicians Puzzled.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at J. W. Gayle's. Thousands testify to its value as a cure for Heart Diseases. Mrs. Chas. Boney, Loveland, Colo., says its effects on her were marvelous. Elegant book on heart disease free.

Pipe Leaking.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with,

Died.

Gen. Speed S. Fry, Superintendent of the Kentucky Soldier's Home, near Louisville, died at that institution Monday night, after a brief illness, aged 75 years. He was a soldier in both the Mexican and late wars, and while Colonel of the Fourth Kentucky Infantry participated in the battle of Mill Springs, in which he killed the Confederate General Zollicoffer. He was Representative from Boyle county in the Legislature of 1889-'90, and while serving as such made many friends in this city.

Mrs. Maria B. Sharp, wife of Rev. Henry T. Sharp, former rector of Ascension Church in this city, died at the residence of her sister in Baltimore, Maryland, on Wednesday, July 27th.

Mr. John Rea, a well-known citizen, died at his home on Ann street Saturday evening at 9 o'clock, after a brief illness with flux, aged about 60 years. The deceased was born in county Tyrone, Ireland, and came to this country with his parents when quite a small boy. In 1865 he came to this city and established a carriage manufactory in connection with Mr. Charles Shryock, under the firm name of Shryock & Rea, Mr. Thos. Burns afterwards purchasing the interest of Mr. Shryock, when the firm became Rea & Burns. After several years Mr. Rea sold his interest to his partner and removed to Indiana and afterwards to Marshall, Missouri, from which place he returned to this city to reside some two years ago. During his residence here he took an active interest in the welfare of the city and was largely instrumental in re-organizing the volunteer fire department after the war, and was always a hardworking and efficient man at a fire.

He was elected the first Chief of the Fire Department after the city purchased a steam engine, which position he filled for several years. He was a bluff, honest, good natured man who numbered his friends by his acquaintances, and his death is greatly regretted by all who knew him.

He was twice married, his first wife being a Miss Foote, of Paris, sister of the late Vol. W. Foote, by whom he had four children, and his last wife was Miss Mary Belle Brown, daughter of Officer Henry Brown, who, together with two children, survives to mourn his loss.

The funeral took place from his late residence at 4 o'clock Monday afternoon, the services being conducted by Rev. H. G. Henderson, after which the remains were taken in charge by Dexter Lodge, No. 54, Knights of Pythias, of which organization the deceased was a member, and buried with the honors of the Order. While the funeral services were in progress the fire bell on the engine house was tolled as a mark of respect to the veteran fireman.

Returning Thursday morning, they had to watch for the boat a great portion of Wednesday night. They brought back a large box, which was said to contain their catch, and if the fish were in proportion to the size of the box, they must have hooked some young whales. Some of the bait leaked out or they would have stopped longer.

Mr. John Carpenter, of Goodland, Ind., says: "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, for diarrhea and severe cramps and pains in the stomach and bowels, with the best results. Atkins' Patent Concave Tooth Dexter.

DIXIE'S FAVORITE. FOR THE WOODS OF THE SOUTH IT HAS NO EQUAL.
The patent by which this Saw is protected consists of a depression of the face of the cutting teeth through the center from point to base, thus removing all friction while in use, giving strength and stiffness to the teeth and increasing three-fold the durability of the "set." WE CHALLENGE THE WORLD to produce a Saw equalling the ATKINS PATENT CUTTING DEXTER.

PRICE: [Silver Steel, including Handles, \$1.00 per foot.
[Special Steel, Without Handles, .75 per foot.

BEWARE OF IMITATIONS.
The large demand for the ATKINS PATENT TOOTH DEXTER Saw has led competitors to make inferior Saws which they claim "as good as the Dexter." These imitation Saws are made from a lower grade of steel, inferior workmanship, and without the patent concave tooth.

Ask your hardware dealer for the "ATKINS DEXTER" and take no other. If the dealer will not order it for you, remit amount with order direct to us.

FRANKFORT, AUGUST 6, 1892.

A New Departure.

In addition to our facilities for executing every variety of plain and fancy letter press job work, we are now prepared to furnish all kinds of fine lithographic work, such as letter heads, bill heads, note heads, cards, envelopes, checks, certificates of stock, &c. The work will be gotten up in the latest style and on short notice. If you are in need of any thing in that line call and examine our samples before ordering.

Dedication at Eminence, Sept. 7.

The Odd Fellows at Eminence, Kentucky, have lately erected a fine Lodge Room, and it will be dedicated with great ceremony at that place on Wednesday, the 7th of September. They have already invited the Frankfort, Midway and Versailles Lodges to be present and assist in the ceremonies, and will invite all the Lodges in central Kentucky from Lexington to Louisville. In all it is believed that not less than 20 Lodges will be present. The ceremonies of dedication will last all day, and it is believed that from 3,000 to 5,000 people will be present. Eminence is surrounded with the most cultivated people in Kentucky, and this dedication will be made a notable event in central Kentucky. At night there will be a grand ball in the Lodge Room, and the beauty and gallantry of central Kentucky will be there. John L. Scott, of Frankfort, has been invited to deliver the oration of dedication, and Chief Justice W. H. Holt and other distinguished Kentuckians will also address the assembled thousands on the good work of Odd Fellowship in the United States. All together this dedication at Eminence will mark a notable event in the history of the order in Kentucky. An Odd Fellows' Widows and Orphan's Home for the entire State will be discussed. Why not take steps to establish this home at Frankfort, the Capital of the grand old Commonwealth? What is the matter with Fort Hill for the location.

Into Five Districts.

County Judge Ben G. Williams appointed Messrs. D. M. Woodson, Price C. Towles and M. L. Crutcher a board of Commissioners to redistrict the county into magisterial districts under the new law, and they have filed their report with Judge Williams. They have divided the county in five districts—the city of Frankfort constituting one, that portion of the county west of the river two and that portion east of the river two. The two districts west of the river are divided by the L. & N. railroad and the two east of the river are divided by a line running with the Owenport pike, from the city limits to the point where the Peak's Mill pike leaves the Owenport pike; thence with the Peak's Mill pike to the Owen county line. Under the new law each district is allowed but one magistrate, and hereafter our county court will be composed of five members.

Judge Williams is now at work dividing up the magisterial districts into voting precincts so that each district will have not exceeding three hundred voters in it. The city will have five voting precincts instead of three as heretofore—two in South Frankfort and three on the north side.

Surveying for No. 7.

Capt. R. S. Barnett left Tuesday for High Bridge, on the Sag Boat Kentucky, to make a survey of the location of Lock No. 7, on the Kentucky river. It is proposed to locate the lock at the head of Cow Shoal, a short distance below the bridge, and when it is built it will not only give pure water a long distance up the Kentucky but render Dix river, which puts into the Kentucky just above the bridge, navigable for a considerable distance.

Now that the River and Harbor bill is passed and the money appropriated by it has become available, it is proposed to go ahead and

build the cribbing, fill in behind the guide walls, build lock-keepers' houses, &c., at Lock No. 6. The work on Lock No. 7 will probably be commenced in earnest next season.

Arm Broken.

Master Lindsay Dorsey, the little son of Mr. Louis Dorsey and wife, of Oldham county, was swinging upon the front gate of the residence of his grandfather, Maj. H. T. Stanton, Tuesday, when he fell and broke his right forearm near the wrist. Drs. Price and James reduced the fracture and the little fellow has been as lively as a cricket ever since.

A New Home Fire Insurance Co.

Some of the most prominent citizens of Louisville and the State are organizing the Columbian Fire Insurance Co. of America, a card of which appears elsewhere in these columns. Mr. Harry Bush will visit Frankfort shortly and give our citizens generally an opportunity to participate in this enterprise.

Got a Bargain.

Mr. John T. Buckley purchased at Commissioner's sale on Monday the handsome residence erected by Mr. P. S. Rule, on the corner of Second and Main streets, South Frankfort, for \$6,325. The house was built a little more than a year ago at a cost of \$6,500, the lot upon which it is erected costing \$2,800 additional. It is one of the handsomest and best built frame residences in the city.

Painfully Injured.

Mrs. August Maner was returning to her home in the country Saturday afternoon, in a spring wagon, and just after crossing the St. Clair street bridge the seat upon which she was sitting upset and threw her out of the vehicle backwards. She alighted on the back of her head and shoulders and was so badly bruised up that she has since been confined to bed. It is a fortunate thing that her neck was not broken by the fall.

The Temptation.

To go out of doors in rough weather is not strong, but we are many of us, tempted to face rough weather frequently. Diseases which arise from a chill are peculiar to no season of the year. This is true, therefore there should be in the closet of every household what is not an unmediated stimulant, but a tonic combining in the effective form of an hygienic and an all-purifying, quality of defense against changes of weather. Hostetter's stomach Bitters has these four properties that no other article of its class possesses. Not only does it relieve the cumulative which it eventually cures, it fortifies the system against the 4-fold effects of change of temperature, humidity and too often snow in the deadly form of "the grippe," it procures a radical change in the weakened condition of a system peculiarly liable to be attacked by it, and it tends to provide against the danger resulting from an impoverished condition of the blood and a disordered state of the liver or bowels.

Near Drowning.

Boh and Sam Taylor and Lew. Smith, three young colored men, were out in a boat fishing in the river near the mouth of Glens Creek, Monday afternoon, when the boat was accidentally upset and the occupants thrown into the water. Neither of them could swim and all came near drowning before they could be rescued by some young white men who were bathing near by at the time. One of the colored men was unconscious when taken from the water and it required considerable work to bring him around all right.

FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 6, 1892.

Base Ball.

NICHOLASVILLE VS. FRANKFORT.

The game of ball played at Frankfort on Tuesday was essentially Penn Merchant's victory, for he pitched one of the best games of his life, holding the visitors down to five hits, which were scattering, making six assists and taking a hot line ball from Brown's bat, in the ninth inning, and throwing it to first, completing one of the prettiest and quickest double plays ever made on the grounds, which prevented two men from scoring and saved the day for Frankfort. He was splendidly supported by the balance of the club and the boys won one of the most exciting and closely contested games of the season.

Play commenced with the Nicholasville boys at the bat, but they were soon retired; without scoring, and failed to get a man across the plate until the eighth inning, so sharp was the fielding of the home team. Our boys began the run getting in the second, when Wintersmith and Henry Lindsey both scored. In the fourth Weisiger Lindsey also made a run, but no more tallies were recorded for them until the last half of the ninth. In the fourth inning the home boys became too familiar with Conover's curves and in the fifth he took Hennessey's place at first base, the latter going in to pitch, our boys from that time on having the battery of the Danville Blue Grass League Club to battle with, Jones, their catcher, being behind the bat.

In their half of the eighth inning the Nicholasville scored their first run. Relman knocked a long fly to left, which Stagg misjudged and let go over his head, Relman taking third and coming home later on a passed ball. Our boys did nothing in their half and in the opening of the ninth things looked exceedingly bilious for them. Duncan came to the bat first for Nicholasville and made a base hit, Jones followed with a three base lick, bringing him home. Douglass struck out, but Goss made a hit bringing in Jones and tying the score. Davis was hit with "the ball and took first, Goss going to second. Brown came to the bat and a hit meant two scores and perhaps a victory for Nicholasville. Brown picked out his ball and hit a line drive about three feet from the ground. As it was sailing past the pitcher's box Merchant threw out his left hand, caught it on the fly and with lightning rapidity

threw it to Henry Lindsey, catching Davis off first base, closing the inning suddenly and beautifully. The crowd went wild, and so prolonged and loud was the cheering for the gritty little pitcher it was some time before the last half of the inning could be commenced. Finally Henry Lindsey picked up a bat and stepped to the plate. The interest was intense, and every eye was upon him. He waited for his ball and got his base. Phillips sacrificed him to second, and Tommy Newman took up the bat. The crowd yelled for a three bagger but Tommie waited and took his base on balls. In the meantime Lindsey was not idle at second, and watching his chance made a dash for third. Jones threw to Duncan to catch him, but the ball went wide, landing in left field, letting Henry gallop home with the winning run, and the agony was over.

NOTES.

Wintersmith played his usual good game at short. He made some nice stops and threw well to first, except in one instance when he threw too low. He also used his stick to an advantage.

That was a nice little trick of Henry Lindsey's—letting the ball hit his bat and then feigning that he had been hit on the shoulder. He played it well but Hennessey was too old a con to be fooled and raised such a holy kick that the umpire made Henry come back from first and bat again.

Tommie Newman took the only fly which came his way and got in one good long hit.
Alex. Golsa found the ball again and made a two base drive, but through poor coaching was put out at third.

Phillips played a good game at second, but made one error, which did not matter much as no scores were made on it.
Roxy Davis played his usual good game behind the bat and made two or three wonderful stops of wildly pitched balls.

The Frankfort Club goes to Pleasantville this morning to play a game with the Pleasantville boys at the park in that place this afternoon. The

Pleasantville put it on our boys early in the season, but if they repeat the dose this afternoon they will have to get up and hustle.

Weisiger Lindsey played third in great shape and made one of the scores recorded in the Frankfort column.

The so-called Nicholasville team which played here Tuesday was composed of the best players of the Lexington, Danville and Nicholasville Clubs, while our boys presented their regular team.

Stagg was not well on Tuesday and did not do himself justice. Having to wear glasses interferes very materially with his fielding.

During the epidemic of flux in this county, in 1888, I had hard work to keep a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. People often came ten or twelve miles in the night to get a bottle of the remedy. I have been selling patent medicines for the past ten years and find that it has given better satisfaction in cases of diarrhea and flux than any other medicine I have ever handled—J. H. Benham, Druggist, Golconda, Pope Co., Ill. Over five hundred bottles of this remedy were sold in that county during the epidemic referred to. It was a perfect success and was the only remedy that did cure the worst cases. Dozens of persons there will certify that it saved their lives. In four other complaints this remedy has been equally successful. 25 and 50 cent bottles for sale by J. W. Jayle, Druggist. 48-11.

To our Subscribers.

THE SPECIAL ANNOUNCEMENT which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. KENDALL Co., of Enosburgh Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work FREE by sending their address to B. J. KENDALL Co. (and enclosing a one-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of the opportunity of obtaining this valuable work. To every lover of the Horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenomenal sale throughout the United States and Canada make it standard authority. Mention this paper when sending for "Treatise" 37-11.

Large size cheapest. Sold at Carpenter's South Side drug store. 6-ly

Where to go This Summer.

If you contemplate taking a trip this summer remember that the most delightful place in America is Old Point Comfort, Va.

On Tuesday, July 26th, the Chesapeake and Ohio Railway will run its annual excursion from Lexington and the blue grass region. A trip to Old Point will cost you less than to any other place on account of the extremely low rates made by the Hygeia Hotel and the railway company to parties taking advantage of this excursion.

Full particulars will be advertised shortly. CHAS. L. BROWN, G. F. A.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist, and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cts. and \$1 per bottle at South Side drug store. 5

It Should Be Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds. That it cured his wife who was threatened with Pneumonia after an attack of "LaGrippe" when several other remedies and various physicians had done her no good. Robert Barber, of Cookeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at P. H. CARPENTER'S Drug Store. Large bottles, 50c. and \$1.00 5

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Recovers His Speech.

Alphonse Hempling, of Summit township, Butler Co., Penn., made an affidavit that his twelve-year-old son, who had had St. Vitus Dance for twelve years, lost his speech, was completely cured after using three bottles of Dr. Miles' Restorative Nervine, and also recovered his speech. Thousands testify to wonderful cures from using it for nervous diseases, dyspepsia, nervous debility, dizziness, confusion of mind, headache, &c. Four doses of this Nervine cured Mrs. W. E. Burns, South Bend, Ind., who had been suffering with constant headache for three months. Trial bottle and elegant book free at J. W. Gayle's.

To Shelbyville.

Effective June 20th, the K. M. R. R., in connection with the Louisville Southern, will sell tickets to Shelbyville from Frankfort and intermediate stations, that heretofore have taken higher rate, at \$1.75.

This will be a great convenience to passengers who use this route.

The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbi," "germa," "baccilli," &c., to sell their preparations, thus preventing people from buying the original tested medicine. "Radam's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

How to Keep Cool.

If you are looking for pleasant locations to spend the hot days at moderate rates, write D. G. Edwards, G. F. A., Q. and C. Route, Cincinnati, Ohio, for copy of Queen and Crescent book, entitled "Summer Days," which will be mailed promptly free of charge.

Wanted.
